

Lawn bowling for the sight impaired

If sight problems have stopped you from playing outdoor sports in the summer, maybe it's time to try lawn bowling.

Nanaimo Lawn Bowling Club has an active section for visually impaired people.

We play every Tuesday morning, May through September, at the bowling green next to the Bowen Park complex.

We have coaches who have worked with many people with different levels of sight impairment. We provide the game equipment.

If you enjoy fresh air, exercise, socialising and a little friendly competition then come join us.
